

Light of Hope

I would like to present this painting to St Anne's. It is called Light of Hope.

To me, it represents a bright future, I can see it and it encourages me to walk towards it. St Anne's offered me that hope, gave me a home, fed me and cared for me when I was alone in this world.

This saved me from possibly committing crime, how else could one eat and survive in our circumstances, when destitute. They treated me like family and for that I am thankful.

It makes me keep faith in humanity.

This is a place where we are all one, no difference. It doesn't matter what faith we believe or follow, we are all from the same origin. I want you all to keep the faith and get inspiration from my painting. At the end of this life and we face our creator, there will be one question

How did you live your life with others?

That is a question we should all think about. Peace I believe, is what we all want.
